# Digital Radiology in the 21st Century

**Highly Diagnostic Imaging with Greater Patient Safety**

---

**Presented by:**
SD Academy of General Dentistry

**Date:** Friday, September 29, 2017

**Location:** Best Western Ramkota Dakota Room C
1400 8th Ave NW
Aberdeen, SD

**Time:**
8:00 a.m. to 10:00 a.m.

---

**Course Objectives…**

This course will center on:

- Radiology 101—what is it, how much does the average patient receive in the dental office, and how does it affect the body?
- Social and mass media impact on patient disinformation surrounding radiography.
- 2D vs. 3D imaging for the general dental practitioner.
- It’s time for a change to 120 year old radiography protocol.
- ALARA vs. ALADA.
- 3D Imaging...is it really safe?
- Basic panoramic positioning techniques—it doesn’t need to be a throw away image.

---

**Clinician:**
Mr. Steve O’Neil

Steve is a highly experienced expert on dental radiography—both intraoral and extraoral—and the implementation of digital radiography in the dental clinic. With over nine years of experience consulting with dentists on the implementation of digital radiography into specialist and family practice offices in the five state area, Steve has helped hundreds of offices change the diagnostic capabilities of the practice.

Sponsorship for the course provided by PLANMECA.

**Cost:**
$30

**Credit:**
2 hours radiography
